REVISOR'S NOTE: Chapter ___, Acts of 1988, which enacted the State Finance and Procurement Article, also amended this section to make a technical correction.

Chapter 498, Acts of 1984, which created the Maryland Economic Development Corporation, exempted that Corporation from a number of provisions including Articles 21 and 78A of the Code.

Chapter 717, Acts of 1985, amended this section to reflect the transfer of many provisions from Article 78A to the State Finance and Procurement Article, including Title 10 and Title 21. Title 21 was designated Division III.

In 1987, two unrelated bills amended this section. Chapter 11, Acts of 1987, substituted a reference to Division II of the State Finance and Procurement Article for the obsolete reference to Article 21 of the Code. That same Act substituted a reference to Division III of the State Finance and Procurement Article for the reference to Title 21 of that article. At the same time, Chapter 311, Acts of 1987, substituted a reference to Title 11 of the State Finance and Procurement Article for the reference to Title 21 of the same article. However, Chapter 311 did not delete the obsolete reference to Article 21 of the Code nor did the bill title purport to narrow the exemptions for the Maryland Economic Development Corporation.

In giving effect to both Chapters 11 and 311, the publisher of the Annotated Code deleted the references to Title 21 of the Code and to Divisions II and III of the State Finance and Procurement Article. The present amendment corrects what seems to be an inadvertent error.
